Retreats

A Nature Retreat for Rest, Connection, and Creativity

Welcome!

Ciao! We're Salva and Ale—two Italians who fell in love with Portugal, the ocean, and the freedom of the waves. We created Soul Farm as a place where people could slow down, connect, and truly be themselves.

 *It's a community space created by friends for friends.*

The Space

4 hectares of living land in Costa Vicentina Natural Park.

Our yoga deck overlooks a sweeping valley where morning mist lifts with sunrise. 30 min. on foot through wild trails takes you to clifftop Atlantic views.

This is what it feels like to truly be in nature.

Scattered across the property: quiet corners for reading, journaling, sitting. A shared kitchen for evening meals and good company.
